

SAINT LUCIA SOLID WASTE MANAGEMENT AUTHORITY

GUIDELINES FOR THE SUBMISSION OF WASTE MANAGEMENT PLANS FOR DEVELOPMENTS

(Revised September 2013)

Purpose of the Guidelines

These guidelines are intended to:

- a) Promote a coherent, integrated approach whereby the management of construction and demolition waste, green waste and other waste generated in the process of the development is given due consideration throughout the life cycle of the project.
- b) Outline the manner in which clients, planners, designers, contractors, subcontractors and all others involved in the project can act co-operatively in order to reduce and manage all waste arising from the project.
- c) Provide designers, developers, practitioners and competent authorities with an agreed basis for determining the adequacy of waste management plans.

The following information shall be submitted to the office of the Saint Lucia Solid Waste Management Authority.

***P.S.** Developers are required to follow the numbering/lettering sequence when submitting the Waste Management Plan for Developments. To avoid delays in the approval process, all information requested must be provided. In the event that any information is not presently available, developers must provide a statement to undertake to provide the necessary information once it becomes available.*
